SILK

Refined design with unique performances

SILK, the fastest and the compact ANDROID 8.1 PC POS with an innovative and refined design, that offers Retail and Ho.Re.Ca. sectors high performances without compromising the design. The result is the immediate improvement in every step of sales and purchases through a huge 15.6'' display, an handy customer display, and a refined base that meets the most complex needs of the modern and essential design. An innovative technology that reduces the amount of the space needed and in the mean time improves the efficiency of the cash point, by optimizing the timing related to work and sales, and therefore of the shopping experience too.

ACCESSORIES

- Magnetic card reader

CERTIFIED PARTNERS

Moki software enables companies to manage large fleets of single-purpose customer-facing Android devices in use cases like kiosks, digital signage and points of sale (POS).
